LAYANTHI JOSEPH

BICT Undergraduate | Aspiring Software QA Engineer

Colombo, Sri Lanka | layanthi.joseph@gmail.com | +94 74 215 4464 | LinkedIn | GitHub | MyPortfolio

PROFILE SUMMARY

BICT undergraduate with practical experience in manual testing, test case design, functional and regression testing, and defect reporting through academic projects. Familiar with SDLC, STLC, Agile/Scrum and OOP concepts, with a strong interest in Software Quality Assurance and Software Testing. Seeking a **QA internship** to apply testing knowledge, gain industry experience, and contribute to delivering reliable and high quality software.

EDUCATION

University of Colombo - Faculty of Technology *Aug 2024 – Present*
Bachelor of Information and Communication Technology (Honours)

Pushpadana Girls' College Kandy *Completed Feb 2023*
G.C.E Advanced Level Examination
Engineering Technology Stream | Z score – 2.1253

ESOFT Metro Campus *Completed Oct 2020*
Pearson Assured Diploma in Information Technology (DITEC)

QA AND TECHNICAL SKILLS

Tools: Selenium IDE (Basic), Jira (Basic), Android Studio, VS Code, GitHub, Firebase

Testing & QA: Manual testing, Regression testing, Black box testing, Test case design, Defect reporting, Bug documentation, Test execution

Programming/Web and Database: Basic knowledge of Java, Python, HTML, PHP, CSS, JavaScript, Firebase Firestore, MySQL

Process Knowledge: SDLC, STLC, Agile and Scrum, OOP concepts

PROJECTS

LEXIDO - Android Task Management application (Android Studio, Java, Firebase)

- Designed the UI in Figma and built the app in Java with Firebase Authentication and Firestore.
- Tested Firebase login/signup, session persistence after app restarts, and token refresh.
- Designed and executed test scenarios for CRUD operations, input validation, and dialog behaviour.
- Tested real time Firestore sync, including network disconnects and dynamic task list updates.
- Verified responsive layouts and alignment across multiple emulator screen sizes.

Personal Portfolio Website – Responsive Web Portfolio (HTML, CSS, JavaScript)

- Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript with interactive project, skills and certification sections.
- Performed manual functional and regression testing of navigation, buttons, pop-ups, galleries, forms, and responsive behaviour.
- Identified and reported broken links, missing images, and unexpected UI behaviour and verified fixes after updates.

OrangeHRM – Web Application testing (Selenium IDE)

- Performed functional testing of the OrangeHRM login and password reset workflows using Selenium IDE.
- Designed and executed test cases to verify page titles, UI text, successful login behaviour, and negative scenarios.
- Used Selenium IDE verification commands including Verify Title, Verify Text, and Verify Text Not Present.
- Tested valid login credentials and verified successful navigation to the Dashboard.
- Identified and verified UI elements using appropriate Selenium locators and recorded test execution results.

HARVEST - Agricultural Subsidy Management System (Group Project)

- Tested mobile and web features through functional and black box testing to confirm they worked as expected.
- Ran regression testing after every update to make sure existing features were not affected.
- Assessed usability and reliability through non-functional testing.
- Designed UI/UX prototypes in Figma.
- Coordinated milestones, documentation and stakeholder communication.
- Identified and reported bugs during testing and recommended improvements to improve system quality.

COURSES AND CERTIFICATIONS

- Introduction to Software Quality Assurance - University of Moratuwa
- Python for Beginners - University of Moratuwa
- Introduction to Jira - Simplilearn
- Software testing for beginners - Cursa
- Test Case Design for Beginners - Cursa
- Pearson Assured Diploma in Information Technology (DITEC) - ESOFT Metro Campus

EXTRACURRICULAR ACTIVITIES

- Scrabble Coordinator - Freshers' Championship and Techno championship. *2024 - 2025*
- Photographer and videographer - Techno MEDIA, Faculty of Technology, University of Colombo *2024 - 2025*

LANGUAGES & SOFT SKILLS

Languages: Sinhala(Native), English(Full professional), Tamil(Bilingual)

Soft skills: Attention to detail, analytical thinking, problem solving, communication, teamwork, adaptability, requirement analysis, Quick learning
